

TWO TRAINS ORDERED BACK ON RAILROAD

Railroad Commission Directs
Restoration of Old Service
on Northwestern

LA CROSSE-ELROY SERVICE
DAYTIMES IS NECESSARY

Chamber of Commerce Wins
Fight to Have Trains
Put Back

RESTORATION of passenger trains
Nos. 507 and 508 of two other
passenger trains between Elroy and
La Crosse is ordered by the railroad
commission of Wisconsin in a decision
handed down today, a copy of
which was received by Traffic Com-
missioner W. W. West of the Cham-
ber of Commerce.

The Chamber of Commerce filed a
petition for the restoration of these
two passenger trains last fall, fol-
lowing the receipt of complaints
from traveling salesmen and others
of inconvenience in traveling between
La Crosse and Elroy after the two
trains in question were taken off last
July. The hearing was held in La
Crosse on February 6, with Mr. West
appearing for the petitioner.

Board's Decision
The commission, after discussing
all the evidence in the case finds as
follows:

"The commission is of the opinion
that for the territory between La
Crosse and Elroy the operation of at
least two passenger trains in each
direction daily on a schedule reason-
ably convenient for local traffic is
necessary for reasonably adequate
service. Although the present sched-
ule provides for two passenger
trains in each direction and an addi-
tional passenger train in each direc-
tion for a part of the distance, there
is only one train in each direction as
noted above, which is scheduled at
an hour reasonably convenient for
local traffic. It is believed there-
fore, that trains Nos. 507 and 508
should be restored or the existing
schedule rearranged so as to provide
not less than two trains in each di-
rection daily except Sunday at reason-
ably convenient hours for local
service. Service by gasoline operated
motor buses in lieu of the restoration
of the steam operated trains
will be considered as complying with
the order herein.

Order is Given
"It is therefore ordered that the
respondent, the Chicago and North-
western Railway company, restore its
trains No. 507 and No. 508 between
Elroy and La Crosse, Wisconsin, sub-
stantially as operated prior to July,
1922, or so rearrange its schedule
that not less than two passenger
trains in each direction daily except
Sunday will be operated at reason-
ably convenient hours for local ser-
vice between said points."

LEAGUE DIRECTORS DEFEND ANDERSON'S USE OF DRY FUNDS

NEW YORK.—Secretary as to speci-
fic claims laid out by the Anti-Saloon
League in the furtherance of its aims
is defended in a statement issued Sat-
urday by the directors of the state
organization in connection with the
grand jury investigation of the man-
ner in which William H. Anderson,
league superintendent, expended
\$24,700 for publicity purposes.

The board holds that the league's
books are open only to the duly ac-
credited representatives of the
churches it represents and that "the
details of the private business of this
agency of thousands of churches are
as much entitled to the protection of
confidence as the books and af-
fairs of any individual church."

WEATHER REPORT

For La Crosse and vicinity: Probab-
ly light snow tonight and Sunday with
lower temperatures.
For Wisconsin: Cloudy tonight and
Sunday with probable snow or rain
in south and central portions. Colder
for Minnesota. Possible snow in
northwest and Sunday, possible snow in
south portion. Colder tonight in south
portion Sunday.

For lower Wisconsin west and snow or
rain in east portion tonight and Sun-
day. Colder. Strong northeast to north-
west winds.

BELOIT WILL MEET BADGERS IN DUAL TRACK CONTEST

College Faculty Sanctions Meet to be Staged at Madison April 21

MEET REQUESTED BY BADGERS AFTER SHOWING BY BELOIT

"Swede" Dahlgren, With Discus Record, Looks Good

BELOIT, Wis.—Special — Beloit and Wisconsin will meet in a dual track contest at Madison April 21. Faculty sanction by Beloit college officials has been granted.

The meet was requested by Wisconsin officials a week ago, when the Gold relay trophy was won by the college relay team at the Wisconsin carnival. In addition to this meet, Beloit has started the heaviest track schedule of recent years.

In the Wisconsin match, Coach O. good of Beloit will expect to find strongly in the dashes, broad jump, and discus, Langworthy and Captain Addie step the hundred yard dash in ten flat at their best. "Swede" Dahlgren last year set the state college discus mark at 120 feet 8 1/2 inches, and should show up well against variety performers. Addie holds the broad jump record at 22 feet 4 inches. Pole vault stock took a drop last week when McAdams, who did 11 1/2 feet a week ago, last spring, was called home on account of the serious illness of his mother. Beloit's relay team, with the college record of 2:22 on the Madison indoor track, should give the Badgers a little competition in this event.

The remainder of the schedule as approved follows:

April 27-28, Drake relays at Des Moines, Ia.

May 5, Dual meet with Cornell college at Beloit.

May 12, Dual meet with Coe at Cedar Rapids.

May 19, Dual meet with Lake Forest at Lake Forest.

May 26, Midwest conference meet at Knox or Coe.

June 2, Wisconsin state meet, probably at Beloit.

MORE BIG 10 MEN BARRED THAN PUBLIC KNOWS OF, SAYS HUFF

ST. LOUIS.—More has been done in enforcing the eligibility rules in the Big Ten conference in the last year than in many years, George Huff, director of athletics of the University of Illinois, asserted in an address here Friday night. Mr. Huff spoke at the annual banquet of the Big Ten alumni of St. Louis.

The public has not heard of all the men who have been barred for violating athletic regulations, he asserted.

Mr. Huff advocates a sentiment among alumni and students that "will strongly censure the athlete who tries to carry water on both shoulders by playing on his university's team and on an outside team at the same time."

MARSHFIELD MAN TO SUCCEED MORRISSEY IN STATE POSITION

John Meeks Named by Blaine as Superintendent of Public Property

MADISON, Wis.—John Meeks, of Marshfield, chairman of the legislative board of railroad engineers in Wisconsin, was appointed superintendent of public property Saturday by Governor Blaine to succeed John D. Morrissey, recently named to the board of control. The appointment, which must be approved by the senate, is for two years at a salary of \$1,000.

With Mr. Meeks' appointment to the superintendent of public property, it is now believed that Governor Blaine will appoint Frank McManamy of Washington, D. C., as a member of the railroad commission to succeed H. R. Trumbower, whose term expired February 1.

The appointment of a railroad labor union man to the railroad commission is understood to have been prompted by the governor some time in the past. The Brotherhood endorsed Meeks as the man they wished for the position, and for a time his appointment was looked for.

It later developed that the governor was considering Mr. McManamy, who is connected with the interstate commerce commission. The position of superintendent of public property was then offered Mr. Meeks, but he has held off acceptance for some time.

The new appointee was born sixty-three years ago at Cedar Rapids, Ia. He was raised on a farm and entered engineering in 1880. In 1880 he was elected chairman of the local committee of his organization at Ashland and secretary of the general committee on the same line. In the crucible of the legislative board in 1905 he was elected its secretary and has been on the board ever since, serving since 1915 as chairman.

SIELAFF SCORES KAYO OVER WYKO

Joe SIELAFF, Milwaukee, scored a technical knockout over Young WYKO of Wausau when the upstart took an eight count after the delivery of a haymaker in the third period. The referee stopped the mill to save Wyko from further punishment.

BANK ROBBER TO DEN KANSAS CITY, Mo.

KANSAS CITY, Mo.—James Martin was sentenced to serve five years in the state penitentiary for complicity in the \$37,000 robbery of messengers of the Drucker's National Bank last December.

CAMPION HIGH WOULD LIKE TO TEST LA CROSSE

Down-river Cage Team Has Unusually Successful Record this Year

Campion high school has had an unusually successful season in basketball this year. They have yet to lose a game, and hold victories over the best teams in this locality and but two games remain on their schedule.

Next Saturday Columbia Academy of Dubuque plays at Campion, and March 12 the Prairie du Chien high team will play a return game in the Campion gym. In the first game Campion's speed was too much for Prairie high and they fell to the tune of 33 to 14. Campion believes her high school team is the equal of any in the state and would be anxious to meet some of the leaders in other sections, particularly the fast La Crosse team because of its situation in this district and of its wonderful record for in meeting La Crosse it is believed that Campion will be meeting the state's best.

TEAMS REMAIN IN SAME PLACES AFTER FRIDAY BOWLING

Not a single change in places was recorded after the Friday night bowling in the city league, each being separated by sufficient figures to remain intact despite their losses.

The National Gauge and Madars, in third and fourth places, each took the count for three, the former at the hands of the La Crosse Club 60's, and the latter, at the mercy of the league leading Montagues.

The Arcuz Shoes, runners-up, swapped the Collegians in three games.

THREE BASEBALL BEAU BRUMMELS OF EARLY NINETIES IN FULL DRESS

WILBERT ROBINSON, HUGHEY JENNINGS, KID GLEASON
Presenting three baseball Beau Brummels of the early nineties, Wilbert Robinson, Hughey Jennings and Kid Gleason.
The pictures were snapped when the three star players were members of the Baltimore Orioles.
It will be noted that the athletes stepped right out in style in those days, wearing the dress suit as comfortably as they did the baseball uniform.

BEE KEEPERS IN ANNUAL MEETING AT WINONA SOON

District Association of Bee Men to Meet in Up-river City March 5 and 6

The annual meeting of the Southeastern Minnesota and Western Wisconsin Bee Keepers' association will be held in the court house, Winona, Minn., on Monday and Tuesday, March 5 and 6. It has been announced.

All bee keepers and those interested in bees are invited to attend the meetings and take part in the discussions, whether members of the association or not. C. F. Lang, La Crosse bee expert, will discuss the question "Will Young Queens Reared in Their Own Colony Swarm Out?" Tuesday morning.

The program follows:
Monday, March 5—forenoon, 10 o'clock:
Visiting and payment of 1923 dues. Reading of minutes.
President's address.
Afternoon, 1 o'clock:
How best to get rid of moisture in hives during winter.—Dr. G. N. Hiderich, Arcadia, Wis.

Are large hives best for the beginner?—Ed. Cady, Lexington, Minn.
Can the overhead cost in honey production be reduced and how?—W. K. Bates, Stockholm, Minn.
Is drone comb necessary in the brood nest?—Wm. Miller, Homer, Minn.

Can comb honey be secured in large hives of two-body size?—Frank Spruehler, Wauka

WISCONSIN BACKWARD IN ORGANIZATION OF FARM SALES BODIES

Leads in Co-operative Enterprises But Laggard in Marketing Says U. W. Bulletin

MADISON, Wis., March 2.—Wisconsin has lagged in the establishment of farmers sales companies for marketing products, although a leader in the development of co-operative enterprises for farmers, the state college of agriculture points out in a bulletin issued Saturday.

"The greatest improvements in marketing during recent years have come through the establishment and operation of sales companies doing their work with minimum expense and rendering better service than was previously available," the bulletin states. "Although Wisconsin is noted for the development of co-operative enterprises by farmers, yet not until recently has the state accomplished much in real co-operative sales organization."

"While the attention of farmers has been called repeatedly to the co-operative marketing companies of California, Canada and other countries, few people in the state have realized that within her borders there were at least two important enterprises, the Wisconsin Cheese Producers' Federation and the Wisconsin Cranberry Sales company, worthy of the name of co-operative sales companies."

"Wisconsin cheese has been successfully marketed co-operatively for more than 8 years and cranberries for a longer time. This definitely shows that Wisconsin farmers who wish to co-operate may successfully do so if they earnestly and persistently follow sound plans."

"The bulletin points out that co-operation does not insure profits, but does offer an opportunity for Wisconsin farmers to perfect sales organizations and with efficient management to better their conditions."

THE "EYES" OF A GROWING PLANT

Some scientists have come to the conclusion that plants, comprising mankind, have their sensations, their feelings, their conscience, and even understanding, comparable in character to that of man itself. This discussion of this need not be long to convince anyone that this is not well founded.

If anyone stands in front of a show case of photographic apparatus, and looks at the many cameras which are there displayed, he would never for a moment imagine that he was looking at that number of eyes. Yet it is clear that if the shutters of the apparatus were open, every apparatus would show upon the ground glass its own picture. But it is perfectly impossible to see the picture in the camera, or not, the apparatus is void of energy and feeling. Photographic apparatus is a dead thing, but plants live. It therefore seems that the picture which is reproduced is comparable to that on the retina of the human eye, but this is absolutely false.

The human eye has its retina composed of innumerable delicate organs (rods and cones) independent and sensitive to light by which the picture, so to say, is brought into a mosaic. Then each of these light organs, sensitive to light, the rods and cones, as they are called, affect the nerves, carrying their reactions to the center organ, so that one single sensation affects the brain.

The images formed on the plant eyes mean nothing more to the plant than the image on the ground glass of the camera does to the camera. The lenses do, however, serve a natural necessity which assists the plant in its life and reproduction.

GUARANTEED A SNOWSTORM

By means of a few loads of salt it is possible to make an artificial snow storm for the purpose of the movies, but the fact of view is limited and it is a very difficult thing to do where it is necessary to show any great expanse of landscape. In the production of a recent screen success it was necessary to have a real snow storm and a heavy one, too, so that an insurance policy was taken out through a company which guaranteed that one would be available before a certain date. The company was a large one for many important matters entered into it. If the storm had not materialized, the appearance of the picture would have been delayed for a year and the work already done might have to be done all over. It was also desirable that the expected storm should put in appearance before the contracts of the stars had expired. Everything worked out according to schedule, and snow came, much to the relief of the insurance company.

HENS THAT HATCH FISH

Earning pocket-money by selling empty eggshells is how many Chinese boys add to their savings during the fish-hatching season.

Fish hatching in China is often conducted with the aid of a hen. First, the fish spawn is collected from the water. A quantity is placed in each egg shell, the open end of which is sealed with a special kind of wax. This done, the eggs are placed under sitting hens.

After the third or fourth day each egg is tested. If the hatching is complete the shells are broken, and the spawn is emptied into water and placed in the sun's powerful rays.

Soon the little fish are strong enough to be moved. Their next home is in water a few degrees colder, and this lowering of temperature goes on until they can stand the cold water of the lakes and streams.

The Chinese boy, by selling empty eggshells, earns more money during the hatching season than at any other time of the year.

A thermometer has been invented in France for the benefit of blind persons. The ascending mercury depresses a balanced tube along a scale with embossed marks.

MOVIES

"THE PILGRIM"

Several players who contributed to past screen successes of Charles Chaplin support the famous comedian in his latest feature comedy, "The Pilgrim," which is coming to the Rivoli Theater on Sunday.

They are Edna Purviance, again the comedian's leading lady; his brother, Sydney Chaplin; Mack Swain, "Chuck" Reisner, Loyd Underwood, Tom Murray and Phyllis Allen. Others who appear in support of the star are Kitty Bradbury, Dinky Dean and Mae Wells.

Chaplin plays the role of an escaped convict who masquerades in the clothing of a minister. But this deception brings the most exasperating complications down on the head of "The Pilgrim," for as a result he is compelled to take charge of a church in a small town.

Still more amusing situations arise when a crook, who had served time in the pen with the pseudo parson, comes to the same town, recognizes his old "college chum" and warns his way into the social set.

A touch of romance and a dash of pathos have also been worked into the plot.

CASINO TODAY

Probably for the first time in the history of pictures a risk of crossing is brought out on the screen in "The Hidden Woman." The world has heard much lately of "headlocks," "strangleholds" and "sissors holds," such terms being well known in the world of the martial arts. It remains for "The Hidden Woman" to demonstrate exactly what a sissors hold looks like.

The sissors hold is applied with startling results in the fight between Bill Donovan, the hard-fisted boss of the lumber camp, and Randolph, the regenerated crook.

This picture has been looked at the Casino Theater for today.

STRAND TODAY

If you go to the Strand Theater to see Harold Lloyd in his latest

Pathé feature comedy, "Dr. Jack," you will have same pleasure enjoyed by President Harding. For the nation's executive has seen Harold Lloyd and has laughed at him so heartily that he completely forgot the burdens of his official capacity. He came out of the show saying he felt more refreshed than he had for three weeks.

The President expressed amazement at the resourcefulness of the young comedian in inventing so many new "stunts" and in his ability to provoke such continuous laughter for a solid hour.

CASINO SUNDAY

In addition to enacting the stellar role in her latest Tiffany production, "Jazzmania," presented at the Casino Theater Sunday, May Murray took an active part in designing the unusual settings for the picture.

Miss Murray's interest in interior decorating has led to her taking an active hand in designing the artistic backgrounds which have been so favorably commented upon in her recent photoplays, distributed by Metro.

"Jazzmania" gives Miss Murray a wide range for her artistic ideas. The action of the picture takes place partly in a tiny kingdom in Europe, and thus involves in setting and in costume were to be expected.

RIVIERA TODAY

Another speedy Tom Mix picture, full of stunts and tricks and good humor, will open at the Riviera Theater today. It is a Fox production called "Up and Going," a story of the Canadian Northwest.

For action and picturesqueness, "Up and Going" is said to be Mix's most entertaining picture. The picture was made in the north country, with its snow, its bleakness, its fast flowing rivers and its great solitude, and with characters rough, but made of either pure gold or a huge metal.

SUNDAY CONTINUOUS

"THE JILT"

"The Jilt," which will come to the

Majestic Theater on Sunday. The biggest surprise scene in "The Jilt" is said to be one in which a blind man reads at a woman's command.

R. Ramsey wrote the story, which was published in a popular magazine. Arthur Scattergood adapted it to the screen, while Irving Cummings directed and between their respective influences sought to preserve and even accentuate the "flick situations" in the story, non-technically described as "unexpected developments."

BLIND STUDENT ON TOUR

KEWAUNEE, Wis.—Winfield Alexander, blind student attending Lawrence college, will tour the state with the College Glee club. Although totally blind, the young man, whose home is in this city, will graduate this spring from the letters and science course.

RACINE GIRL FIRE VICTIM

RACINE, Wis.—Lillian Roberts, 6 years old, is at a hospital here with burns which may prove fatal, received when her clothes caught fire while she and her brother were playing, lighting papers from a gas jet.

MILL RUNS DOUBLE SHIFT

SHAWANO, Wis.—The Wabich sawmill here started running a double shift on Thursday. The Shawano Lumber company's mill has been running a night shift for three weeks and will continue until May 1.

Oil as fuel has been adopted by the managers of some of the greatest buildings in the country.

GIVEN FREEDOM AS RECOGNITION OF WORK FOR BLIND

JOHNET, Ill.—Only the formality of signing parole papers Saturday stood between May Clark, an inmate of the woman's prison here, and freedom, granted in recognition of her work while in prison of transcribing classics into Braille characters for blind readers.

Four years ago May Clark, known as Margaret Edwards, entered the prison to serve one to ten years for perjury in the trial of her husband's associates. Gus Zeidler of Evansville, Ind., and Alexander McKewon, for robbery of a bank at Madison, Illinois.

Zeidler and McKewon later were convicted. The body of Clark, the convicted woman's husband, was found in the Missouri river, its throat cut. It was said he had objected to receiving only \$2,700 as his share in the robbery. At the trial Mrs. Clark attempted to establish an alibi for Zeidler and McKewon, asserting they were visiting at her apartment when the robbery occurred.

BOY'S CRY SAVES LIVES

KEWAUNEE, Wis.—Awakened by the cries of their 4-year-old son, Mr. and Mrs. Alfred Elchorn found their home on fire. The baby probably saved their lives.

BOYCOTT RUHR GOODS
RELIEN.—The federal minister of traffic has forbidden German enemies

to handle any goods from German port of the Franco-Belgian customs firms which have received the supplies in making their shipments.

WISCONSIN SENATE SAYS 'SHOW ME' ON TAX LEGISLATION

Upper House Won't be Rushed in Voting on Changes in Taxation Methods

PROPOSE THOROUGH DEBATE BEFORE ACTION IS TAKEN

Senators Want to be Shown Effect Changes Would Have

MADISON, Wis.—By the Associated Press.—The state senate is taking a "show me" attitude on the tax question, with the result that any prediction concerning the outcome of revenue legislation presented to that body is at this time impossible. Thorough discussion and study is going to precede any vote on the Dahl general income tax bill or the Severson income surtax bill in the senate.

Hasty action of the assembly in pushing through the Dahl bill by an overwhelming majority has not tended to influence senators in their stand. While many are prepared to vote for either of the two bills before the session without amendment, the senators holding the balance of power say that before they vote they must be shown what effect their vote will have on industry in general and on farmers and small merchants in particular.

The proposed repeal of the personal property tax offset to the income tax hangs in the balance in the upper house.

Wants to Be Shown
As one influential administration senator says, "I will have to be shown that repeal of the personal property offset will be of direct benefit to the farmer and to the merchant before I can vote for it. This appears to me as a practical question, not as one to be passed on simply as a policy. If it will injure industry, I wish to know because it is not my intention to vote for a proposal which will unreasonably burden any person or class."

Other senators holding control in the upper house due to the close division on tax questions, take the same position. They tend to favor the Severson surtax bill in preference to the Dahl bill. This measure is far from dead, despite reports that the governor has decided to back the Dahl bill.

Following amendment by the assembly putting exemptions back to their present rate under the existing income tax law, rates in that measure will be reduced before finally acted upon.

Would Cut State Expenses
A move is on foot in the senate, backed by Senator W. A. Tins, Fond du Lac, for a definite curtailment of governmental expenditures. A resolution prepared by him and now being signed by senators says:

"As progressive senators of Wisconsin, we stand for the fullest readjustment and equalization of tax burdens, but we are unalterably opposed to any net increase in the total amount of money raised by taxation."

We believe that state expenditures should be cut many millions of dollars during the coming biennium, and that it is the duty of the legislature to make it possible for the administration to carry out its avowed policy of retrenchment and economy. Therefore, with the single exception of appropriations for state charges and state charitable and training institutions for the unfortunate, we shall look with disfavor upon any general appropriation bill unless the total shows a marked reduction as compared with the 1922-23 expenditures."

Senator Tins says that he must be shown how much money the proposed tax bills will raise before voting for them. He wants to be sure that there will be no opportunity for taxes that raise more money than absolutely necessary to operate the state government and state institutions.

Other senators take the same stand. They are considering the whole tax question thoroughly before taking any action.

Senator Severson's surtax bill is before the finance committee and will be reported to the floor in a few days. He expects that it will come out for passage and the legislature be given an opportunity to act on both proposals.

\$10,000 LOSS IN FARM FIRE
THREE LAKES, Wis.—Fire destroyed the farm home of John C. Small, near here, resulting in a loss estimated at \$10,000. It was one of the finest rural residences in oneida county.

TWO IN SCHOOL RACE
PHILIPS, Wis.—So far there are two candidates for county superintendent of schools in Price county. Mrs. Ida Elsie, incumbent, and J. H. Mills, principal of the Philips schools.

REAL ESTATE TRANSFERS

The following deeds have been recorded with Register of Deeds Wachs:

Gustav and Laura Koch to Emil Schrick for \$2,200, the west 25 feet of lot 7, block 7, Burns addition.

Martin Kinnel, owner of Huntington Park, Cal., to Edna and Richard Abraham, for \$750, the south half of lot 10, block 24, North La Crosse.

Anna M. B. Lober of Milwaukee and Dorothy Usher Wilson of Middlesex county, Mass., to Sarah C. Boyd of Ravalli county, Montana, the south 10 feet of lot 4, Boyd's subdivision of block 8, Utshel's addition.

Mathias and Sarah Anderson to Stanley Anderson, lot 125, block 6, Smith and Ratchford's addition.

There's a bright side to everything, including last year's suit of clothes.

BILL HARTS TO SEEK DIVORCE

Domestic troubles of Bill Harts, movie hero, and his wife, formerly Winifred Westover, soon will be told in divorce court, according to the latter. She says matters have gone too far for amicable settlement or reconciliation.

NEW YORK CHARITIES RECEIVE GIFTS FROM MYSTERIOUS DONOR

Man Signing Himself "De Rothschild" Contributes \$25 a Month to Each Institution

BALTIMORE, Md.—Officials of twenty-one principal charitable organizations of this city are bewildered, but nevertheless, grateful to a mysterious philanthropist, signing himself "M. A. Rothschild," who during the past week has contributed \$25 to each organization. A letter received by Mayor Brodhead from the donor said it was his intention to donate a like sum monthly.

At another letter to the mayor, requesting him to name three charitable institutions which in his opinion were worthy of aid. The letter was written on stationery headed "Blair Le Systeme, Financial Association, 171 Central Park West, New York."

Included also on the stationery was the request "Address all communications to Mr. M. A. Rothschild," and gave a Baltimore address.

The mayor referred the letter to the supervisor of city charities, who named the three organizations. Several days later the mayor again received a letter reading:

"I have sent the foregoing organizations, as well as eighteen others, a remittance of \$25 each and I hope to continue to do so every month in the future."

FORMER KLAN CHIEF TO BE ARRESTED ON MANN ACT CHARGE

ATLANTA, Ga.—A warrant for the arrest of Edward Young Clarke, former imperial wizard of the Ku Klux Klan, was issued Saturday by United States commissioner Colburn Carter, following receipt of a certified copy of the federal indictment from Houston, Texas, charging him with violation of the Mann act. Mr. Clarke was notified by telephone and was expected to appear at the commissioner's office later in the day for service.

U. S. PRESENTS BILL FOR WATCH ON RHINE

PARIS, America's bill for the watch on the Rhine was presented on Thursday and regulations to control border-crossing opened at the same time. The United States expenses were \$250,000,000.

Inasmuch as it is impossible now to collect that much money from Germany, who is to pay the bill for the occupation of the Rhine, it is understood that days and chemicals will be offered in payment.

PROBE CHICAGO CITY HALL

CHICAGO, Ill.—A grand jury investigation of the city hall of Chicago was authorized Saturday by Judge M. L. McKinley, chief justice of the criminal court of Cook county, when he pronounced the scope of the special grand jury which had investigated school board affairs, and indicted more than a score of persons, including Fred L. Lindin, former congressman, and "Cotton" (Boss) of Mayor William Hale Thompson's political organization.

CREW IS RESCUED FROM BURNING SHIP

SAN FRANCISCO.—Fire burst out in the engine room of the motor ship Bahinda, threatening the ship's bank, when she was off Santa Cruz, California, early Saturday and after the vessel called for help, the crew was rescued. The crew, without messages describing the fire and rescue were picked up by the beach station of the Federal Tele-

NORMAL DEBATE LOSE CONTESTS ON FRIDAY EVENING

Negative and Affirmative Decisions Go to Opponents; Oshkosh Triangle Winner

La Crosse normal debate teams lost here and at Stevens Point in the triangular debate contest held Friday night. The affirmative team was defeated, two to one, by the negative team from Oshkosh in the normal auditorium, while the negative team lost by the same scores at Stevens Point. Oshkosh won also from Stevens Point, thereby winning the triangular contest.

The question debated was: "Resolved: That the essential features of the Huber unemployment bill be passed by the Wisconsin legislature in 1923." Russell Warrinbee, William Voss and A. Berriens were the members of the team which argued here, while Ben Sylla, Eldon Mulder, Kenneth Zahre and Edmund Hitt, alternate, made the trip to Stevens Point. The debate work at the normal school this year is in charge of Mr. M. A. Gaff.

PRESIDENT'S WORLD COURT PROPOSAL IS SHELVED IN SENATE

Refuses to Consider Resolution to Grant Harding Necessary Authority to Act

WASHINGTON.—The administration plan for American participation in the international court organized by the league of nations was finally put on the shelf for this session of congress by the senate Saturday when it voted, 49 to 21, against proceeding with consideration of the resolution of Senator King, democrat of Utah, proposing to grant the president the necessary authority.

The vote presented an almost straight party line-up, all of the republicans except Senator Norbeck of South Dakota voting against consideration of the King resolution. Three democrats, Senators Shield of Tennessee, Walsh of Massachusetts and Walsh of Montana, voted with the republicans in opposition.

GLENWAY MAXON IN APPEAL FOR PARDON

MADISON, Wis.—Pardon hearings are to be held by Governor Harding March 7. It was announced at the executive office Saturday. A number of cases are on the calendar for consideration.

Application for pardon of Glenway Maxon, Jr., wealthy society man, sentenced to prison for five years on conviction of manslaughter growing out of an automobile accident, is before the governor. It may be heard along with the other requests. Maxon only recently started to serve his term.

WALSKA SOON TO JOIN HUSBAND IN CALIFORNIA

CHICAGO, Ill.—Ganna Walska, bride of Harold McCormick, Saturday was said to be preparing to join her husband in California, whither he accompanied his mother, Mrs. Cyrus McCormick, several days ago. The sister bride attended the Russian opera Friday night and was very enthusiastic. She is a guest of her sister-in-law, Mrs. Edmund Blaine, and is expected to depart for the coast within five days.

\$1,000,000 ORE DOCK PLANNED AT SUPERIOR

SUPERIOR, Wis.—P. J. Gaetz, superintendent of the Great Northern road, announced on Thursday that ore dock No. 1 at Alouez would be constructed next winter at a cost of about \$1,000,000. When it is completed the Great Northern will have two concrete and steel and two timber docks to handle the pre business here.

BLACK AND BLUE MADE U. S. CITIZENS BY WHITE

JERSEY CITY, N. J.—Blue and William Black took a final citizenship test before Federal Examiner Dana White. They passed with flying colors.

IRON COUNTY MAN 88, DIES

ELKHART, Wis.—William Pearson, caretaker of a summer resort near Powell, died from pneumonia. He was one of the oldest men in Iron county.

Reforestation of Pennsylvania

Pennsylvania which was once first in timberland, will have 14,000,000 acres of forest land before many years in the opinion of experts of the State Department of Forestry. They have been making studies of conditions in mountain counties where small unproductive farms are being abandoned, and allowed to grow up in timber, or being reforested. On some farms three distinct stands of timber have been observed. This state now stands about twentieth.

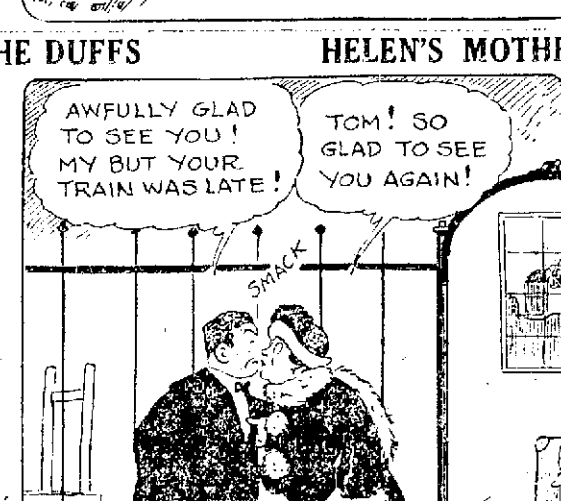

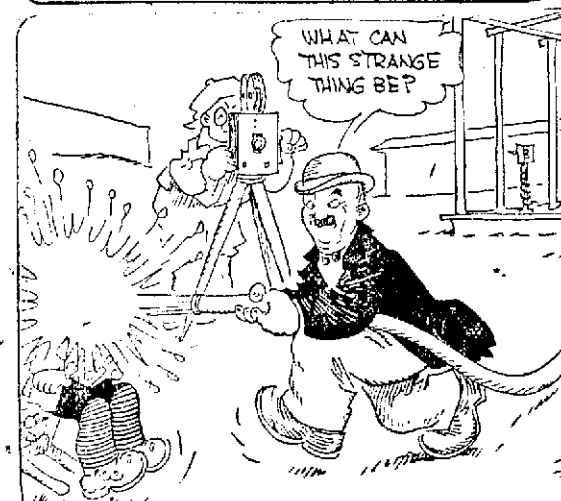

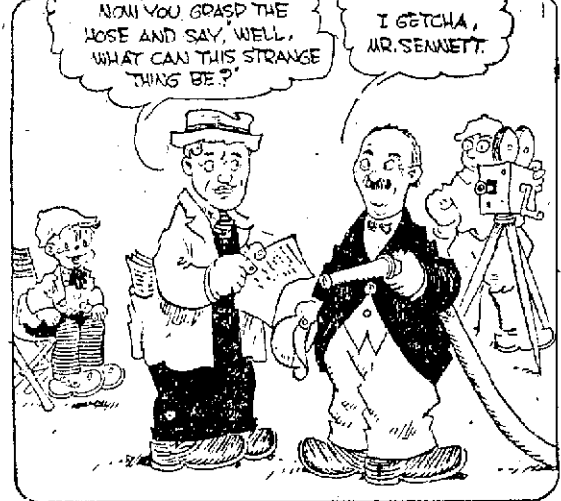

Towed by a Tot

Miss Florence Froede, of San Bernardino, Calif., at the age of six and a half years, performs almost unbelievable feats of strength in the water. With her hands cuffed behind her back, and with a rope attached to a broadbelt about her waist, she recently towed a rowboat loaded with six men for a distance of 50 feet. The combined weight of the men was 1030 pounds!

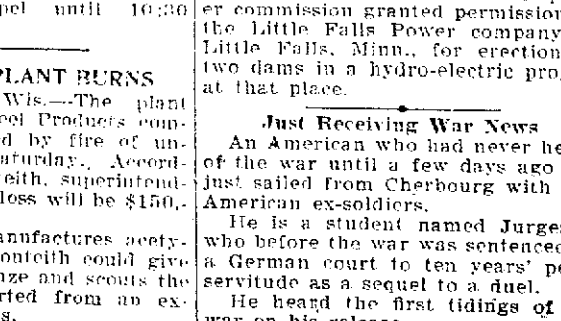

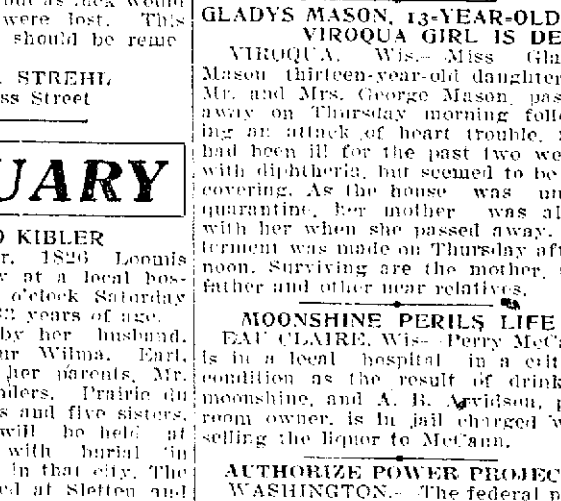

Deep-Rooted Family Trees

At Asson, in the Bages Pyrenees, a little place about nine miles from Pau, the Larrahut family has cultivated its land for more than eight centuries. A deed of 1074 bears witness to a dispute about a right of way between the Larrahut of that day and a neighbor named Sazie. The Sazie family also is represented at Asson to this day.

"THE JUMPING OFF PLACE"
Editor, Tribune
Dear Sir:
Much has been said in regards to bad curves and cross roads on the main highways. I believe one of the most dangerous drives for a stranger is at the foot of Main street, right in the heart of La Crosse. The proper authorities should place a danger signal on the foot of Main street to warn drivers from the danger of driving into the river. Last season one car to my knowledge drove into the river but as luck would have it, no lives were lost. This dangerous condition should be remedied at once.

OBITUARY

MRS. OTTO KIBLER
Mrs. Otto Kibler, 1826 Leouis street, passed away at a local hospital at about two o'clock Saturday morning. She was 33 years of age.
She is survived by her husband, five children, Wilbur, Wilma, Earl, Gilbert and Irvin, her parents, Mr. and Mrs. Fred Rinders, Prairie du Chien; five brothers and five sisters.
Funeral service will be held at Prairie du Chien, with burial in Evergreen cemetery in that city. The body may be viewed at Stetten and Dahl's funeral chapel until 10:30 Sunday morning.

MILWAUKEE PLANT BURNS
MILWAUKEE, Wis.—The plant of the Seamless Steel Products company was destroyed by fire of undetermined origin Saturday. According to Robert Monteith, superintendent, the company's loss will be \$150,000.
The company manufactures acetylene tanks. Mr. Monteith could give no cause for the blaze and scouts the theory that it started from an explosion of chemicals.

KRONER HARDWARE COMPANY PUTS ITS CAPITAL AT \$250,000

The Fred Kroner Hardware company has recorded articles of amendment to their articles of incorporation with Register of Deeds Wachs in which the article regarding capital is amended. The capital stock of the company is to be \$250,000 divided into 2500 shares of \$100 each. The amendment papers were signed by Gottlieb Kroner, president, and Ludwig Kroner, secretary, of the company.

GLADYS MASON, 13-YEAR-OLD VIOQUA GIRL IS DEAD

VIOQUA, Wis.—Miss Gladys Mason, thirteen-year-old daughter of Mr. and Mrs. George Mason, passed away on Thursday morning following an attack of heart trouble. She had been ill for the past two weeks with diphtheria, but seemed to be recovering. As the house was under quarantine, her mother was alone with her when she passed away. Interment was made on Thursday afternoon. Surviving are the mother, and father and other near relatives.

MOONSHINE PERILS LIFE

PAUL CLARE, Wis.—Perry McCann is in a local hospital in a critical condition as the result of drinking moonshine, and A. H. Arvidson, pool room owner, is in jail charged with selling the liquor to McCann.

AUTHORIZE POWER PROJECT

WASHINGTON.—The federal power commission granted permission to the Little Falls Power company of Little Falls, Minn., for erection of two dams in a hydro-electric project at that place.

Just Receiving War News
An American who had never heard of the war until a few days ago has just sailed from Cherbourg with 100 American ex-soldiers.
He is a student named Jurgeson, who before the war was sentenced by a German court to ten years' penal servitude as a sequel to a duel.
He heard the first tidings of the war on his release.

SWEDEN PLANNING REORGANIZATION OF ITS POLICE FORCE

Policemen to be Placed Under Government Supervision Under New Plan

STOCKHOLM.—A nation-wide reorganization of the whole police system in Sweden, and the placing of all policemen under government direction, has been recommended by National Counselor Sigfrid Linner after an investigation of two years which he has conducted at the request of the government. The revolutionary scheme of putting local guardians of the peace under the control of the state will, it is expected, guarantee a more efficient personnel and result in direct benefits for the policemen themselves.

Under the proposed new system there will be a commissioner of police in each of the twenty-five counties of Sweden. This commissioner and the chiefs subordinate to him will be employed directly by the government. Patrolmen may be ordered to serve anywhere in the kingdom, and one commissioner may call upon another for extra police forces for his county, a demand which must be granted so long as the law does not endanger the counts. The organization or reorganization of local police departments must be carried through by the city or community concerned, but all such plans must be endorsed by the

The chief advantages to the individual members of the police forces will be state pensions and wider opportunities for promotion, since men of the best records and greatest ability need not be restricted to their original district.

REGGY AND FIANCEE—KIDDING POILUS—JOHN D. JR., GETS FAMOUS TAPESTRIES—THE PERFECT CHILD

KIDDING THE POILUS IN RECKLINGHAUSEN—German youngsters are not afraid of the invaders. Here is a group of school boys "riding" a French trooper after he has asked directions in a strange city.

SPEED—Marion Ardell, champion woman walker, is shown here leading George Brown, world's champion walker, during their match at Miami, Fla. Brown gave Miss Ardell two laps and won by a few yards.

FRUIT STEAMER HIGH AND DRY—There's a sign on Hart's Island, N. Y., prohibiting vessels from landing. The United Fruit steamer Mayari disregarded the sign in a thick fog and here's the result.

ATROCITY—Philadelphia police say that Willie P. Morgan (above) has confessed to kidnapping four-year-old Dorothy Gilmore and her six-year-old sister, Lillian, assaulting the two children and then murdering Lillian.

SOCIETY'S BUTTERFLY—When Mrs. Thornton Arnedrozz, wife of a commander in the British navy, arrived at the famous Punch and Judy Ball, she gave London society a start by appearing with a gay butterfly painted on her shapely shoulder.

"WRECKED HOME"—Says Mrs. F. W. Hines of Dorothy A. Stokes (above) in the divorce suit which she filed against her husband, wealthy New York merchant and Yale graduate.

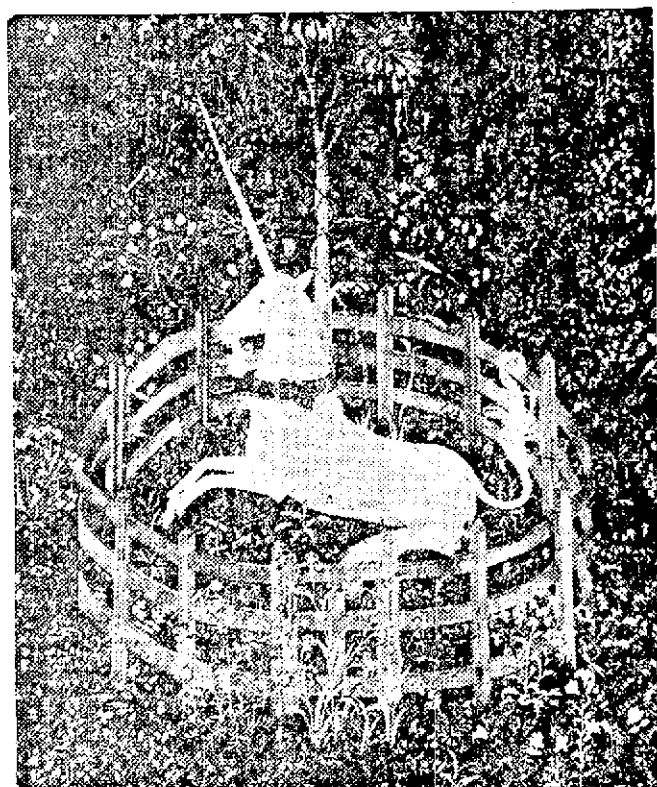

THE PERFECT CHILD—Little Jackie Ott, four years old, is shown here being pronounced the physically perfect child by Dr. George Smith of Mt. Clemens, Mich., at a children's physical culture contest at Miami, Fla. Over 1500 children were examined.

ENGAGED—This is the first photograph to reach this country of Count Charles Calvi di Bergold, Italian cavalry captain, whose engagement to Princess Yolanda of Italy (above) has just been announced.

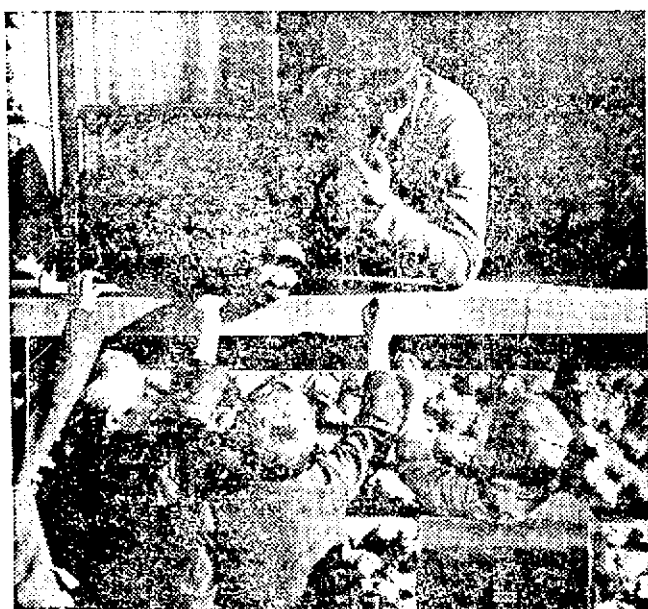

FISTIC PRIDE OF THE ARGENTINE—Luis Angel Firpo, champion heavyweight of South America, is shown here on his arrival in New York from the Argentine. He is seeking Dempsey's crown.

TAPESTRY PURCHASE STIRS FRANCE—When it became known that John D. Rockefeller, Jr., had purchased for \$1,000,000 the famous La Rouchefoucauld tapestries, the ire of the French press was aroused. They charged that the owner had agreed never to permit the art treasures to leave France. The tapestries date from 1450.

GOLD-ENCROUTE SACRED COW REMOVED FROM TOMB—Among the most wonderful articles to be taken from the 3500-year-old tomb of Tut-Ankh-Amen are three couches, gold-encrusted and bejewelled and supported by carved ivory animals, symbolic of Egyptian gods. Above is shown a gold-encrusted representation of the sacred cow which served as frame-work for one of the couches.

"THE CHOCOLATE SOLDIER"—There are some French soldiers who have not aroused terror in the hearts of German urchins in the Ruhr. Here is a group of school children accepting chocolate—a great luxury—from a friendly enemy.

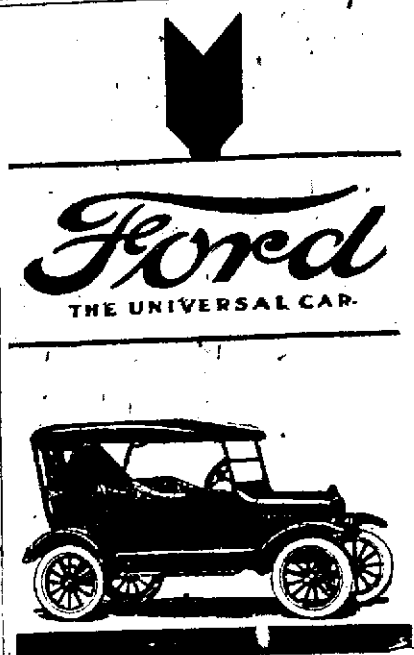

VANDERBILT AND FIANCEE—Reggie Vanderbilt, scion of one of America's most prominent families, is shown here with his fiancée, Miss Gloria Morgan, the daughter of Harry Hays Morgan, U. S. consul-general at Brussels. This photo was snapped at the Westchester-Biltmore Country club, Rye, N. Y.

HATED—Ira of the Ruhr populace has been directed at General Mangin, commander of the French cavalry in the Ruhr. The riding corps of his officers have contributed to the dangerous attitude of sullen hatred on the part of the populace.

MYSTERY IN NEW YORK ARSENAL CACHE—The possibility that the small arsenal of explosives discovered in a New York cellar might have been destined for use of Irish rebels, has been admitted by the police. Photo shows transfer of machine gun, rifle and revolver ammunition to police headquarters.

FORD
Touring
Car

\$298

F. O. B. Detroit.

*Think
Of It!*

Only \$298 (f. o. b. Detroit) for this wonderfully comfortable, convenient and serviceable Ford Touring Car.

With its many new refinements — including one man top and slanting windshield it is decidedly the greatest touring car value ever offered the motoring public.

Convince yourself. A demonstration does not obligate you in any way. Terms if desired.
